4. Committee Topics of Interest

- a. Future meeting dates – Our next meeting is Monday, December 16th at 10:02 AM in the second floor training room at Ridgehaven Ct.
- b. Wall Bracing Flow Chart –Chapter wanted a month to review prior to voting. Hope to have final vote this month. Future task: compare bracing provisions in CRC to CBC.
- c. Decks, gazebos, and other detached structures – Tom volunteered to spearhead the effort of creating an ICC San Diego Area Chapter policy for Residential Decks, likely based on the City of San Diego’s Information Bulletin. The references need to be updated to the 2013 CRC as well. Kurt Culver volunteered to see if there is an old chapter policy to work from. Russell shared Simpson’s details and suggested the committee consider attending outdoor living shows to help educate the public on proper construction.
- d. Corrosion resistant fasteners –Simpson Strongtie has volunteered to provide an update on this topic with regard to current construction practices and the 2013 CRC and CBC. Russell provided the committee with Simpson’s research and the committee needs to create an information bulletin from this helpful information.
- e. Cutting and notching of framing members (compare recommendations by CRC and CBC of sawn lumber and Engineered Wood Products) – no progress was made this month.
- f. Significant changes to the 2013 CRC – the committee agrees it would be helpful to identify SIGNIFICANT changes and IMPACTS (less/more restrictive). We will look for other CRC change summaries provided by jurisdictions/ICC chapters as a guide. Locally, several jurisdictions are just now receiving the new codes and doing an internal review. Everyone is attending the CRC Significant Changes training this week and look forward to getting ideas for what to focus on for our chapter’s benefit.
- g. Impacts of other codes on CRC (CBC, Energy Code, CALGreen, etc) – discussion on Energy Code and CALGreen impacts. Specifically the topic of mandatory water conservation was discussed.
- h. 2015 IRC Code Changes – secondary priority for now, Ali Fattah has been following these
