

# 2016 California Building Code (CBC) Essentials Seminar

Instructor: **Paul Melby**

**April 26, 2018**

**8am – 4pm PST**

**City of Oceanside Council Chambers**

300 N. Coast Hwy. Oceanside, CA 92054

**\$165 (member) / \$198 (non-member)**

Learn how to identify the critical concepts of the 2016 California Building Code regarding the applicable designs of commercial building requirements at this comprehensive seminar.

Participants who complete this seminar will be able to:

- Explain the fundamental provisions of the 2016 CBC
- Identify the intent of the CBC
- Describe the common provisions applicable to design of commercial buildings
- Comprehend the use of passive and active fire protection
- Identify how life safety and egress issues are addressed in design and construction
- Identify how the health and safety of occupants is safeguarded with weather protection and interior environment controls
